INTRODUCTION

The Technology Business Incubator (TBI) cell is actively involved in providing the infrastructure and environment required for starting advanced technology business ventures through research, design, development and training activities.

PROBLEM

The TBI presently does not have its own website. The GEC Thrissur website contains a web-page highlighting the achievements and prominent events by TBI

SOLUTION

To create an official website for TBI which fulfills all the objectives and requirements specified.

REQUIREMENTS

- 01** Create a simple website which is easy to update in future
- 02** It should show the latest announcements, upcoming events, startups and companies
- 03** A learning page and mentor networking
- 04** Registration and application process for incubation within TBI and registration details made available online through the website

OBJECTIVES OF THE PROJECT

- Outreach of activities undertaken by TBI to all students in the college and outside.
- Awareness about events and workshops conducted by TBI.
- Effective means for connecting with the mentors of TBI.
- Describe the process of applying for incubation and online application.
- A platform to connect with the companies incubated at TBI.

Homepage Design

The screenshot shows a dark-themed homepage with a large green TBI logo at the top. The header includes links for HOME, STARTUP SCHOOL, EVENTS, MENTOR, BLOG, COMPANIES, and an orange APPLY button. Below the header is a section titled "ABOUT US" with placeholder text. To the right is a "G E C T" graphic. The main content area features three orange boxes: "ANNOUNCEMENTS" (with five placeholder items), "20+ Startups", "10+ Companies", and "15+ Mentors". Below these are sections for "OUR COMPANIES" (with logos for ESTRO TECH ROBOTICS, DezVault, and Qnayds) and "START UP SCHOOL", "MENTOR NETWORK", and "BLOGS" (each with a "READ MORE" button). A timeline at the bottom shows milestones from 2016 to 2022. The footer contains "CONTACT US" information (phone number 9890000000, email, LinkedIn, Facebook, X) and "QUICK LINKS" for HOME, COMPANIES, STARTUP SCHOOL, MENTOR, BLOG, EVENTS, and GALLERY. A "NEWSLETTER SUBSCRIBE" button is also present.

This screenshot shows a similar layout to the first one, but the main content is rearranged. The "ANNOUNCEMENTS" section is now on the left, followed by "20+ Startups", "10+ Companies", and "15+ Mentors". The "OUR COMPANIES" section and other sidebar elements remain the same. The footer is identical to the first screenshot.
