INTRODUCTION

The Technology Business Incubator (TBI) cell is actively involved in providing the infrastructure and environment required for starting advanced technology business ventures through research, design, development and training activities.

PROBLEM

The TBI presently does not have its own website. The GEC Thrissur website contains a web-page highlighting the achievements and prominent events by TBI

SOLUTION

To create an official website for TBI which fulfills all the objectives and requirements specified.

REQUIREMENTS

- 01** Create a simple website which is easy to update in future
- 02** It should show the latest announcements, upcoming events, startups and companies
- 03** A learning page and mentor networking
- 04** Registration and application process for incubation within TBI and registration details made available online through the website

OBJECTIVES OF THE PROJECT

- Outreach of activities undertaken by TBI to all students in the college and outside.
- Awareness about events and workshops conducted by TBI.
- Effective means for connecting with the mentors of TBI.
- Describe the process of applying for incubation and online application.
- A platform to connect with the companies incubated at TBI.

Homepage Design

The homepage features a collage background with various icons related to technology, innovation, and entrepreneurship. The navigation bar includes links for Home, Startup School, Events, Mentor, Blog, and Companies, along with an INCUBATE button. The 'About Us' section details a MoU between Government Engineering College Thrissur and SIDBI. The 'FEATURES' section highlights the Start up School and Mentor Network. The 'COMPANIES' section displays logos for ESTRO TECH ROBOTICS, Dezahl, Qnayds, Rove, and iDesign.

The timeline shows major milestones: 2016-Start, 2017, 2018, 2019, 2021, and 2022. The 'BLOGS' section is titled 'Connect with Tech' and lists three blog posts: 'Name of the Blog', 'Name of the Blog', and 'Name of the Blog'. Each post has a brief description and a 'Read More' button. The footer includes links for Sitemap, Terms of Use, and Privacy Policy.

The 'ANNOUNCEMENTS AND MENTORS' page features a grid of four announcement cards, each with a title, icon, and a long descriptive text. The 'Mentor Network' section displays profiles for Dr. Ajay James, Mr. Arif Muhammed, and Person 1, each with a photo, name, title, and a list of interests or publications. A large blue callout at the bottom right summarizes the page's focus: 'COMPANIES, TIMELINE SHOWING THE HISTORY OF TBI, FOOTER'.
